

Erosion Prevention and Sediment Control Inspector Certification Class

**Sponsored by: Rogue Valley Sewer Services
Presented by: Jennie Morgan, Stormwater Program Manager**

Class scheduled for: Thursday April 13th, 2017

Purpose: 1200-C permits and RVSS Construction permits issued by RVSS require the designated Erosion and Sediment Control Inspector to complete this training and **pass a test.** This class will provide the basic information needed to create an erosion and sediment control plan and install and inspect erosion and sediment control devices within the Phase II stormwater area.

Who should attend: New and Renewing Inspectors. Personnel designated as an *Erosion and Sediment Control Inspector* for DEQ's 1200-C permits, or contractors and owners doing construction work in Jackson County. This is a class, be prepared to take notes and a test.

Schedule: 7:45 to 8:00am – Check-In and Coffee (light refreshments provided)
 8:00 to noon: Classroom portion
 12-12:30pm: Lunch provided by RVSS
 12:30-2:30pm: Field portion- installation of ESC BMPs and testing
 **Bring paper, writing utensils and dress appropriately for working in the field.

Location: 138 West Vilas Road, Central Point – RVSS Public Meeting Room

Cost: \$35.00 includes refreshments, lunch and classroom materials. Payable via credit card through our registration website, or via cash, or check in RVSS' office. You must register and pay seven days ahead of the class date. Class size is limited to 30, so register early. Full refund is available until seven days prior to class, no refund is available after that date.
